

3M ACS Warranty

# Your guarantee of graphic performance

Those who invest in promotional materials for their business or their brands want to be assured that their investment is protected.

This is true for any company regardless of size or whether working at a regional or worldwide level.

3M Commercial Graphics is dedicated to providing this assurance.

Brought to you by:

**Easy Removal**

**Fim Stability**

**Consistency**

The 3M Alliance Component System (ACS) warranty, covers the entire finished graphic.

The ACS Warranty has been created to provide graphic manufacturers the comfort of knowing that their work is backed by a comprehensive warranty, supported by both 3M and Roland DG.

**ACS**   
**ALLIANCE COMPONENT SYSTEM**

When you see this logo, you know you are backed by a 3M and Roland ACS warranty System.

### The 3M ACS Warranty Covers:

- Stability of the film substrate
- Bonding strength of the adhesive
- Consistency of print quality
- Easy film removal  
(when a removable version has been chosen)

The ACS Warranty also covers a broad range of 3M films that have been tested, from short to long term applications, printed using a range of Roland DG qualified print and print/cut solutions using ECO-SOL MAX™ inks.

So if you own a qualified Roland printer and use 3M films, you now have the opportunity to provide your customers warranted graphics, providing you both real peace of mind.

### Contact Us

For more information please contact your local Roland DG or 3M representative OR call 3M on 136 136. You can also visit [www.scotchprint.com.au/acs](http://www.scotchprint.com.au/acs)
